Equipment
      3 round cake pans (8" or 9")
      Large mixing bowls
      Mixer
      1 small and 1 medium saucepan
      Baking sheet
      Parchment paper
      Large freezer bag
      Wooden spoon
      Sharp knife
      Serving plate

Directions

1. Make your 3-layer cake: (or prepare store bought cake mix)
   Preheat oven to 350°. Oil three 8" or 9" round cake pans. Combine all the wet
   ingredients in a large bowl, except for the milk. Beat well until frothy. In another bowl,
sift together all the dry ingredients. Slowly mix the dry mix into the wet, and alternate
adding milk to keep mix mixture wet. Beat at medium speed just until the batter is
smooth. Do not over mix.

   Pour batter into the 3 prepared pans and rest for 15 minutes. Bake for 30-35 minutes.
   Test with a toothpick before removing from oven. The toothpick should come out of
   cakes clean when inserted into the center. Cool on a wire rack. To remove the cakes,
gently flip each cake upside down onto your hand, remove the pan, then return the
cake to the rack.

2. Prepare delicious toffee bits:
   Place all ingredients in a medium saucepan and bring to boil over medium high heat
   (about 5 minutes). Do not stir. Continue cooking for about 8 more minutes, until
   the mixture reaches 300° or begins to turn brown. Do not stir during any of this time. Pour
   onto a parchment paper-lined baking sheet and spread thin. Do not touch as it is very,
   very hot. Allow to cool. Place into plastic bag and break the bits into pieces.

3. Whip up buttercream frosting:
   In a bowl beat butter until creamy. Add the sugar and mix until light and fluffy.
   Add the vanilla. Add milk until it’s a smooth spreading consistency.

4. Make toffee sauce: (just before you are ready to assemble cake)
   Place the sugar, cream and butter in a small saucepan. Bring everything to boil, then
   reduce the heat to a simmer. Stir with a wooden spoon for about 3-4 minutes or until it
   thickens. Let it cool until desired consistency is reached.

5. Assemble your Triple Toffee-tastic Cake:
   Level each cake with a sharp knife. Put first layer onto serving plate, top with toffee
   sauce, generous frosting and toffee bits. Repeat for second layer. Put on top layer,
genерously frost the top and skim coat the sides. Pour sauce over cake, allowing to drip
down the sides. Decorate with frosting, cookies and toffee bits!
