SYSTEM ACCESS

eBudde™ is part of the Little Brownie Cookie Tech Portal. This new system allows for easier access to all Little Brownie Tech tools. No longer are there default passwords. You will be asked to create a new password the first time you log in. You can now get to eBudde™ from two ways – https://ebudde.littlebrownie.com or https://cookieportal.littlebrownie.com

Each user will get a welcome email from eBudde™ that has a unique link for logging into the system for the first

The process for gaining access is:

1. User receives "welcome email" with login link
2. Click on the link
3. At the password screen, enter and confirm personal password
4. At the profile screen, enter same personal password that you used in Step 3. Also review/enter all additional information
5. Enter Little Brownie Cookie Tech Portal system
6. Confirm account update via email link

Details of the steps and screen shots are included below.

Search – This allows you to search for a girl or volunteer in your council.

Log Out – This allows you to log out of the system.

TROOP TABS

eBudde™ provides a variety of features for troops to track their cookie sale information. Your council will specify which features you will need to use. Some screens may look a little different as your council can tailor eBudde™ to meet your needs. In addition, some tabs may not be available to you as well.

Dashboard	Contacts	Settings	Girls	Init. Order	Delivery	Girl Orders	Transactions	Txn Pickups	Cookie Exch	Rewards	Booth Sites	Payments	GOC Org	Sales Report	Reports	Help Center

Dashboard – Default screen that shows important messages, calendar, checklist and dates

Contacts – Allows you to edit your contact information. This includes name, address and phone number. This **DOES NOT** include changing the email address. That must be done from the login screen.

Settings – This allows you to change the number of girls selling, registered, program age level, rewards option, banking information as specified by your council. You can also add additional troop contacts.

Girls – This allows you to enter girl names, grade, id and goal information

Init. Order – This option is for entering your troop initial cookie order

Delivery – This option is for selection of delivery site (if applicable) and a printout of cookies order, delivery site, and pick-up time (if applicable)

Girl Orders - Track girl initial, booth and additional orders and payments

Transactions – List all cookie transactions, initial order, cupboard pickups, and troop-to-troop transactions.

Txn. Pickups – this tab allows you to confirm cupboard pickup if cupboard is using contactless pickup.

Cookie Exchange – Post that you have available cookies by variety and see what is available from others.

Rewards – Troop reward ordering

Booth Sales – (Optional) This option allows you to select council booth sale sites and/or request a troop booth sale site.

Payments – Troop payment to council recording

GOC Org. – (Optional) This option allows you to record troop donation organizations.

Sales Report – Recap of all troop information. Initial order, additional cookies, troop profit, payments and submitting total Gift of Caring numbers (if applicable)

Reports – A variety of reports are available for your use.

Help Center – The new Help Center will provide you additional information on the eBudde system.

Dashboard Tab

The dashboard tab is the screen you will see every time you log into eBudde™. You can print the information on the tab if needed for reference. It will show you any important messages from your council and/or your service unit.

It also shows you a calendar of dates. These dates are important because they inform you of when you can start doing data entry and when you need to complete certain functions in the system. In addition, your council can add their own dates to the system.

On the dashboard there is a troop checklist for tracking your activity. This will include the standard eBudde™ items and council-specific items. Some of the items will be checked off and some items are recommended activity. The checklist may vary depending on your council setup. Items that will be checked off include entering girls, cookie initial order, choosing a delivery station/time (if applicable), reward initial order (if applicable), and reward final order.

Your troop's upcoming Booth sales will display on the dashboard. The service unit contacts will list on the dashboard

The Girl Delivery orders will only show if you are a Digital Order Card council that does girl delivery. If you are a Digital Order Card council that does not have girl delivery orders, it will list as none.

There are also additional dashlets of information handy to see your progress against last season and throughout the current season,

There will also be resource links that will change throughout the season for your reference.
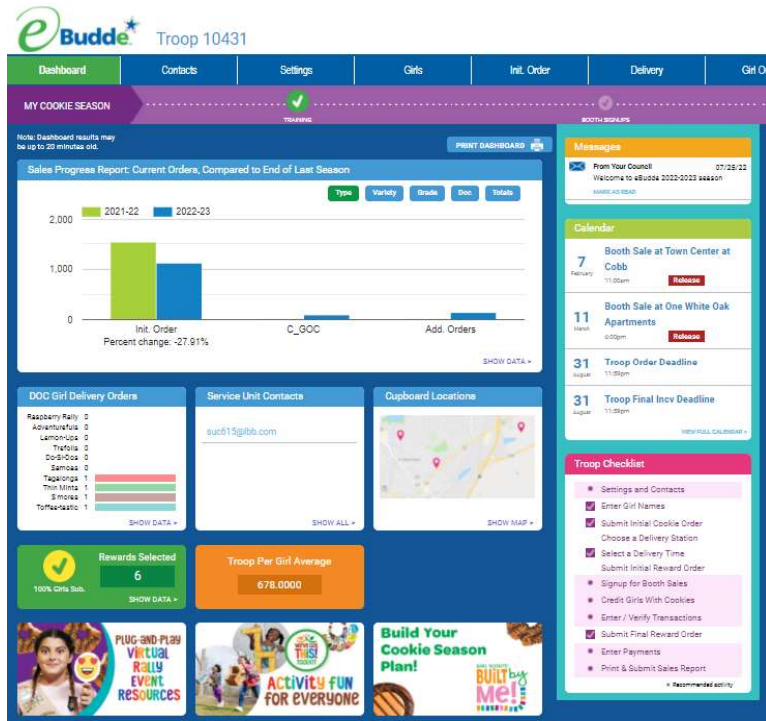

Timeline

The timeline is set up by your council to let you know what needs to be done when and when that period has passed. This is an example only as council can create a customized version just for troops.

Dashboard Header

You can print your dashboard items by clicking the print dashboard button. Also note that the dashboard refreshes every 20 minutes. So if you have made a change, you may have to wait 20 minutes before the dashboard updates.

Dashboard Side Pane – Right Side

You now will have notification messages from your service unit/council that are dates, prioritized and can be marked read. A priority message will have a star next to the envelope. If there is a longer message, there will be a Read More link to read the entire message. The service unit/council will now be able to have multiple messages if necessary. All read messages will fall to the bottom.
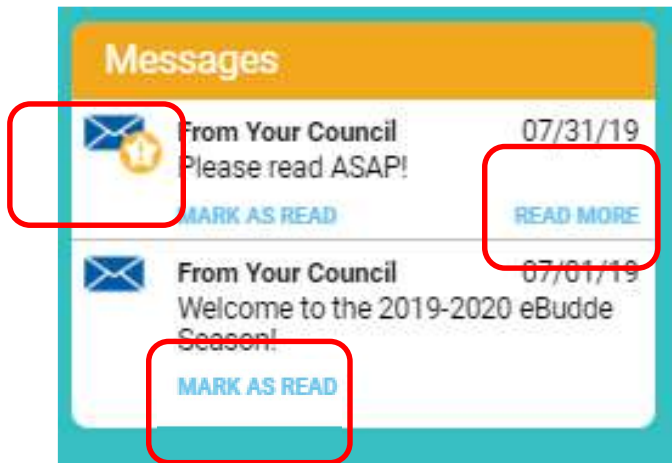

The dashboard will display upcoming dates. If you need to see a full calendar, you can click **View Full Calendar.** It will display in another browser window a monthly calendar.
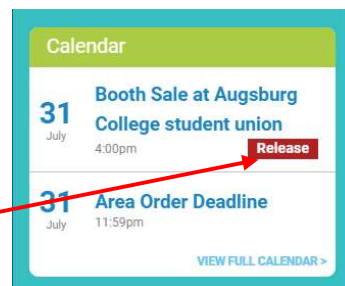

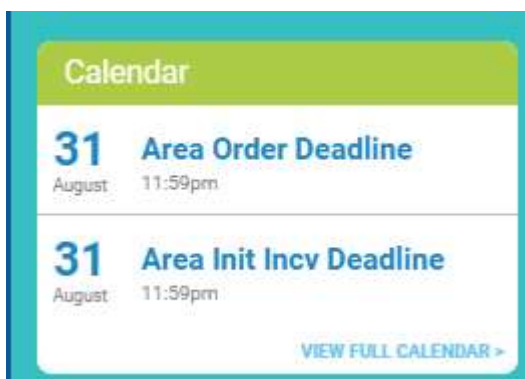

You can now release a booth site that you can no longer attend from the calendar on the dashboard.

The dashboard will display a checklist of items that you will need to do. Some items will get checked once you complete them like submitting your initial order. Others are just for your reference.
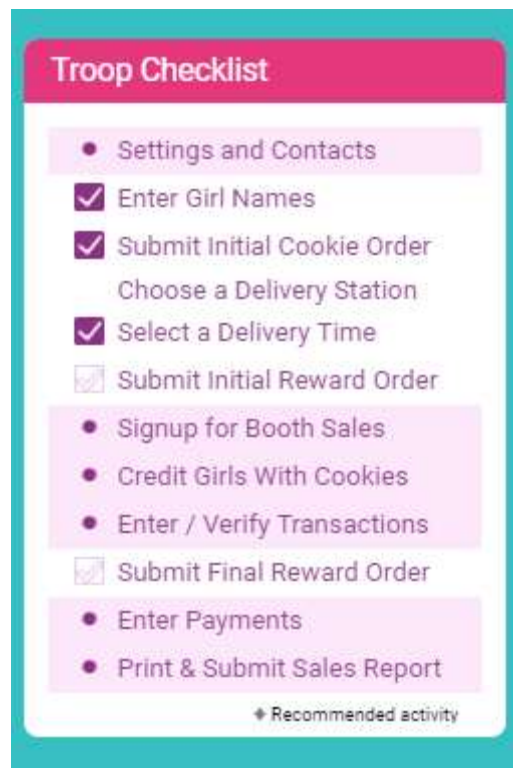

Dashboard Data

What data you see on your dashboard and the layout of your dashboard is dependent your council setting it up. All troops see the same layout which will include current statistics and comparison with previous season statistics.

The example below shows what you may see – Order sales totals (now called Sales Progress Report: Current Orders, Compared to End of Last Season) for Type of order, orders by program age level, orders by grade and if your council participates in Digital Cookie, orders by Digital Cookie type. In addition, you will be able to see, rewards statistics, service unit contacts, cupboard locations and links for additional resources. There is a new infographic this season

to show Troop PGA (Per Girl Average). These links will change throughout the season to give you resources that apply to your timeline.

CONTACTS TAB

The Contacts tab allows you to change your contact information, email caregivers and add additional contacts.

To edit your contact information, click **Edit** below your name. Since we now have the new Cookie Tech Portal, you will need to change the information in the portal which will update eBudde™. When you click the **Update Contact Info** it will take you to the Cookie Tech Portal. Your information will be changed there and in eBudde™.

You can click the button Jump to Mobile to be able to see eBudde using the mobile app.

You also have a section to just update your email preferences that are specific to eBudde™. DO NOT uncheck the active box or you will lose access to eBudde.

When you click **Update Contact Info**, you will go to the update page to update your information.

Click **Update My Preferences** or **Cancel** to close the screen.

Enter your information and click update profile. If you would also like to change your password, you can do that on this screen as well. You can update one section at a time (contact or password). If you need to change both password and profile, you will have to click Update Contact Info again. Be sure to enter your current password or you will get the following error.

1 error prohibited this user from being saved:

Email Caregivers

Troops can email their girl's primary caregiver on the contacts tab. Click the E-mail Caregivers button.

eBudde displays the number of seasons that a contact has been in eBudde.

The system will open up the email page. You are now able to email individual girl caregivers or all caregivers. The system shows you the information you need to send the email. This is an email blast and there is no way for the caregiver to reply to you from this email as eBudde does not have an inbox. Emails are outgoing only.

The system will display a screen with instructions and email limitations.   There is no replying of email in eBudde™. You can send one or more attachments with your email as long as the total size does not exceed 5 MB.

To ensure that your recipients receive this email you may want to inform them to specify in their email system to allow the following email address as an allowable sender: do_not_reply@littlebrowniebakers.com

NOTE: If you add attachments, eBudde™ will not send attachments via email.   eBudde™ will upload your attachments and send a link to the attachments via email to your selection. The links will be active for 45 days from date sent.

You will need to check the CAPTCHA box to send the email.

This emailing system allows messages in plain text and in html. The HTML allows for additional formatting.

Click Send Email to send the email to the caregivers. Click Cancel to cancel sending the email.

Adding Contacts

You can add contacts on the Contacts Tab. Click the **+Add** button to add a new contact. When you press the button eBudde displays the entry screen. The only field that is required is the email address. The first time the user logs in they will be required to enter the additional information. Digital Cookie requires an email, Global ID, first name and last name.

Add to all seasons? – Allows you to give the contact access to the troop records for previous seasons.

Click **Save** to save the contact. Click **Cancel** to not add the contact.

Special Troop Contacts

There are two troop contacts that may be available, Troop Cookie Pickup Only Users and Troop Booth Sale Recorder Only Users.

If your council uses the eBudde app, you may specify additional cookie-pickup people know as Troop Cookie Pickup Only Users. For example, if you have a parent picking up cookies for you and your council uses the eBudde app, you will need to add this person's email in eBudde™. This user does not have access to anything in eBudde™ except updating their own contact information. Their email and password will be used by the eBudde app to verify that they are allowed to pick up cookies at the cupboard.

NOTE: As a troop leader or troop cookie chair, you are able to pick up cookies. DO NOT add yourself as a troop pickup person or you will LOSE ACCESS to the other tabs in eBudde™.

If your council uses the Booth Sale recording option, you may specify additional booth sale recorders users. If you have an adult in charge of the booth site that is not in eBudde™ and you want them to record the booth site sales, you will need to add them in as a Troop Booth Recorder Only User. This will allow them to record the booth sales on the mobile app and/or in eBudde™. They will also be able to change their contact information in eBudde™. They WILL NOT have access to any of the other troop tabs in eBudde™.

NOTE: As a troop leader or troop cookie chair, you are able to record booth sales. DO NOT add yourself as a troop booth recorder only user or you will LOSE ACCESS to the other tabs in eBudde™.

Deleting Contacts- You can delete a contact by clicking remove next to the user you want to remove. They system will confirm that you want to remove this user. DO NOT remove yourself!

SETTINGS TAB

The Settings tab allows you to change your troop information. The troop is set up by the service unit or council staff. However, at the time of setup, information may not be available such as girls registered, girls selling, reward option, banking, etc. This tab allows you to update your information.

INIT. ORDER TAB

The Init. Order tab is used to enter the troop initial cookie order.

There are two methods for troop ordering. You will be directed by your council as to the method you are to use. The initial order can be in cases or packages as directed by your council. **NOTE: If your council participates in a Gift of Caring program or something similar, you will see an additional variety column labeled appropriately.**

Ordering with Booth and Girl Totals

Click on the **initial Order Tab**.

There is a row labeled **IMPORTED**. This row may contain data that your council uploaded for you. It is not editable by you the troop but is editable by the council. See your council instructions on this row on the initial order tab.

Click on the word **OTHER**. This line is for the total of GIRL orders. The system will take you to the edit screen. Click in the first input box and enter the quantity. Tab through the screen to go to each variety. Click **Save** to save the order. Click **Cancel** if you do not want to save. The system will confirm that the order has been saved. The numbers will be transferred to the initial order. **NOTE: GOC column(s) is not available for other sales.**

Initial Order with Digital Cookie Girl Delivery Orders

Your council may allow for Digital Cookie Girl Delivery Orders approved by the parent to be added to your initial order. This is to help parents by including these packages as part of their initial order pickup. This will save you and the parents an additional trip to go get those cookie packages.

Click on the **Init. Order Tab**.

Each girl will have three rows on the page. One is the order card row which allows you to do data entry for the order card order from the girl. The next row is the DOC Girl Del. row which is not editable. These are girl delivery orders, approved by the parent and sent from Digital Cookie to eBudde. These orders match the girl delivery approved orders in Digital Cookie. The last row is a total of the Order Card and DOC Girl Del. rows. These are the cookies that will be distributed to the girl during the initial order delivery.

Initial Order with Digital Cookie Girl Delivery Orders and Parent Initial Order from Digital Cookie

Your council may allow for Digital Cookie Girl Delivery Orders approved by the parent to be added to your initial order. This is to help parents by including these packages as part of their initial order pickup. This will save you and the parents an additional trip to go get those cookie packages.

You are able to see orders that the parents are submitting from the Digital Cookie system. They will need to do this by the parent initial order deadline date at 11:59 p.m. You can see this date/time on the settings tab. You can override the date but not the time.

Click on the **Init. Order Tab**.

DELIVERY TAB

The delivery tab allows you to select your cookie delivery site and time and also view your delivery information. You may or may not be required to enter information on this tab. The purpose of this tab is for a troop to be assigned to a delivery pick up site for the initial cookie order. In addition, your council may allow you to select your **PREFERRED** pick up time. See your council for specifics.

Answer the questions and the location and time box will display. Select your time by clicking in the box to the right of the time. Click the **Submit** button. The system will confirm your submission.

NOTE: Your council will designate which option(s) you will need to select.

You will no longer be able to select a location that has a time sheet if the time sheet does not have any openings. eBudde™ will display the location but it will be grayed out and will say (full) next to the location in the selection box.

A delivery confirmation page will be available as specified by your council. Click the view confirmation button.

Contactless Delivery Option

Your council may decide to use a contactless method of delivery. If so, the confirmation form is you key to the success of this method. On the confirmation form you will now find a **PICKUP CODE** that you will need at delivery time.

The **PICKUP CODE** is the starting point to a **CONTACTLESS** delivery.

The information here is just an example. Not the actual code and pickup number. The process is as below:

You will need to check in. This is done by texting 741792 to 1-225-398-3281.

1.

2. You will get a response from the system saying you are checked in. Be sure your troop number and total cases are correct!

3. Once your order has been fulfilled, the delivery clerk will release the cookies. You MUST confirm that you received the cases and you agree on the variety amounts. You will also have the opportunity to ask for help if assistance is needed,

4. If you agree with the order, type in a 1 to confirm. This will complete your **CONTACTLESS** delivery pickup. An email will be sent to you with the details of your order by variety to all troop leaders and cookie chairs.

If there is an issue with your order, type in a 2 to get help from your delivery clerk. Your council can then help resolve your issue.

GIRL ORDER TAB – CATEGORY FORMAT

This tab allows you to enter by girl, additional cookie orders, booth sales packages sold, Gift of Caring pkgs and payments. You can add a comment on each row. There are two views of the girl orders. You can see a summary troop view or each girl's detail. The system defaults to the troop summary view. Your council may limit your girl transaction to not exceed the troop package total. You will also see all you Digital Cookie Orders by girl on this screen.

The girl orders summary view shows a total row for each girl. The girl order tab does not track cookies by varieties. Cookies orders are now in columns by types of sales – initial, booth and other. If your council has different pricing for their core cookies and specialty cookies, you will see these three types of columns for the Cookie pricing and then the Specialty pricing.

Uses DOC – A check mark denotes that the girl has access to the Digital Cooke system

Initial – These cookies were sold at initial order time and this number will match the girl's order on the initial order tab. This number is locked and cannot be changed on the girl order tab. To change this number, it must be changed on the initial order tab.

Booth – These cookies are the cookies the girls sell at the booth sites.

Other – These are additional cookies that are sold after the initial order but are not sold at a booth sale. This could include additional sales to customers, walk-abouts, etc.

Total – Total of cookies sold by the girl.

Total Due – This figure is calculated by taking the total cookies sold and multiplying that by the selling price to the customer.

Paid – This column will display all payments made by the girl to the troop.

Bal Due – This is the balance that is still due from the girl.

There may be additional column(s) for tracking Gift of Caring/Donation programs that are specific to your council. In the example about C_GOC is for the council Donation program and T_GOC is for the troop's individual Donation program.

The system will tell you how many cookies you have ordered through the initial order, cupboard/depot pickups, and/or troop transfers. It will then tell you the difference between what has been allocated to the girls. This will help to ensure that you allocate all the cookies received to your girls.

Girl Totals – This line shows you all the cookies that have been allocated to the girls. Your goal is to match the total number for the girl totals line to the total number for the troop order line.

Troop Order – This line shows you all the cookies the troop has received either via initial order, troop-to-troop transactions, pick-ups from the service unit and/or cupboard. These packages are ultimately what the troop is responsible to pay for. This line will update throughout the cookie sale.

Difference - This line is to help you know if you need to allocate more cookies to girls or if you have over allocated. The goal is that the total column on the Difference row will be 0 by the end of the sale.   As you assign cookies to girls, the girl total line will be updated. As transactions are posted to your troop (see the transaction tab or sales report for details), the troop order line will be updated.

eBudde™ tracks all girls. Girls can now be flagged inactive. If they are flagged inactive they will not show on the main page. Click the **Inactive** tab at the bottom of the page to see your inactive girl.

Girl View

The girl view will show you the detail transactions for the girl. The first row will usually show the initial order which is locked and cannot be changed on this screen. You will need to change these numbers on the initial order tab. If the initial order tab is unavailable you would need to contact your appropriate council staff/volunteer.

Cancel – Cancel out of editing the girl

+Order – This button allows you to add packages and payments to the girl. You may add as many orders as necessary. You can enter in order transactions, payment transactions or both in one transaction.

+Pay – This button allows you to add only a payment. You may add as many of these transactions as necessary.

+Distribution– This button allows you to add packages to the girl from the Troop Site girl.

+DOC Payment – This button allows you to add only a payment from the Troop Site girl.

Save – This button is to save the transactions you have created. If you do not save your data, you will lose that data.

Switch to Girl – This allows you to enter transactions for another girl without having to always go back to the troop view. Click the dropdown arrow and select a girl name.

All Orders – The All Orders drop box allows you to see all of the girl's records, initial order recap, and/or inventory items (if applicable) girl delivery records (if applicable)

Adding Additional Cookie Orders

Click the +**Add** button. The system will display the add screen.

In the boxes, key in a comment and the additional cookies using the tab key to move through the columns. You can also enter in a payment at the time of entering in the cookies. If applicable you can check the **INV** box to send the packages/payment to the Digital Cookie system. Click the Booth box if the transaction is for booth cookies. Click the **SAVE** button to save the transaction.

Adding Only Payments

You may add a payment to any available line in a girl record. To enter a payment, click the **+Payment** button. The system will display the payment entry screen.   Enter a comment and click the **INV** box (if applicable) to send the payment to the Digital Cookie system. Click the **SAVE** button to save the transaction. You may be allowed to add payments to girl after the season closes if you councils allows.

Once this tab is unavailable, the +Order button will no longer be active but you will still see the +Payment button so you can add payments if allowed by your council.

View Options –

- **All Orders** displays all records for the girl.
- **IO Recap** displays all orders received from Digital Cookie prior to the troop submitting their initial order and the initial order record as well.
- **Girl Delivery** shows all Digital Cookie girl delivery orders
- **Girl Del. (IO)** shows all Digital Cookie girl delivery orders that are part of the initial order.
- **Girl Del. (after IO)** shows all Digital Cookie girl delivery orders that are part of the additional order period.
- **Inventory Items** displays all transactions marked in the **Inv.** column that will be sent to Digital Cookie for the parent/girl inventory.

Sending Girl Order Information to Digital Cookie

Your council can choose if eBudde will be sending girl order tab information to the parent/girl inventory/financial pages in Digital Cookie. The column is labeled **Inv**. If you check this box, the information on that line will be sent to Digital Cookie to help the parent/girl know that more cookies have been given to her OR payments have been received by her.

So when do you check this box? You check the box only if it is additional cookies being given to the girl for offline orders and for payments for offline orders. You do not send over booth packages/payments as those records are just for the credit to the girl and are not physical packages that the girl is given.

You do not check the box for packages given to fulfill online orders as those orders are already recorded in the Digital Cookie system. If you accidently check the box, you can uncheck at any time. The information will be sent to Digital Cookie as data entry occurs so it is visible to the parent/girl in real time.

To help you keep track of those records, you can see only records marked in the Inv. column by selecting Inventory Items in the drop down.

When you select Inventory Items, the system will list only the items that marked in the **Inv**. column

GIRL ORDER TAB – VARIETIES FORMAT

This tab allows you to enter by girl, additional cookie orders, booth sales packages sold, Gift of Caring pkgs and payments. You can add a comment on each row. There are two views of the girl orders. You can see a summary troop view or each girl's detail. The system defaults to the troop summary view. Your council may limit your girl transaction to not exceed the troop package total. You will also see all you Digital Cookie Orders by girl on this screen.

Girl Order Summary View

Record Booth Sale – click this button takes you to the Booth Site tab so you can record booth site packages sold.

The girl orders summary view shows a total row for each girl. Cookies are recorded by variety

Uses DOC – A check mark denotes that the girl has access to the Digital Cooke system

Council GOC – Your council's acronym for the council Gift of Caring

Varieties – Lists each variety

Troop GOC – Your council's acronym for a troop Gift of Caring (if applicable)

Total – Total of cookies sold by the girl.

Total Due – This figure is calculated by taking the total cookies sold and multiplying that by the selling price to the customer.

Paid – This column will display all payments made by the girl to the troop.

Bal Due – This is the balance that is still due from the girl.

FYI GOC – Your council's acronym for a FYI Gift of Caring (if applicable)

There may be additional column(s) for tracking Gift of Caring/Donation programs that are specific to your council.

The system will tell you how many cookies you have ordered through the initial order, cupboard/depot pickups, and/or troop transfers. It will then tell you the difference between what has been allocated to the girls. This will help to ensure that you allocate all the cookies received to your girls.

Girl Totals – This line shows you all the cookies that have been allocated to the girls. Your goal is to match the total number for the girl totals line to the total number for the troop order line.

Troop Order – This line shows you all the cookies the troop has received either via initial order, troop-to-troop transactions, pick-ups from the service unit and/or cupboard. These packages are ultimately what the troop is responsible to pay for. This line will update throughout the cookie sale.

Difference - This line is to help you know if you need to allocate more cookies to girls or if you have over allocated. The goal is that the total column on the Difference row will be 0 by the end of the sale.   As you assign cookies to

girls, the girl total line will be updated. As transactions are posted to your troop (see the transaction tab or sales report for details), the troop order line will be updated.

eBudde™ tracks all girls. Girls can now be flagged inactive. If they are flagged inactive they will show up on the **INACTIVE** tab at the bottom of the page. Inactive girls must always have 0 packages sold and no balance due.

Girl View

The girl view will show you the detail transactions for the girl. The first row will usually show the initial order which is locked and cannot be changed on this screen. You will need to change these numbers on the initial order tab. If the initial order tab is unavailable you would need to contact your appropriate council staff/volunteer.

+Order – This button allows you to add packages and payments to the girl. You may add as many orders as necessary. You can enter in order transactions, payment transactions or both in one transaction.

+Payment – This button allows you to add only a payment. You may add as many of these transactions as necessary.

+Distribution– This button allows you to add packages to the girl from the Troop Site girl.

+DOC Payment – This button allows you to add only a payment from the Troop Site girl.

Save – This button is to save the transactions you have created. If you do not save your data, you will lose that data.

Switch to Girl – This allows you to enter transactions for another girl without having to always go back to the troop view. Click the dropdown arrow and select a girl name.

All Orders – The All Orders drop box allows you to see all of the girl's records, initial order recap, and/or inventory items (if applicable) girl delivery records (if applicable)

Cancel – This link allows you to return back to the girl orders summary view. Any transaction entered will automatically be displayed on the summary view.

Adding Additional Cookie Orders

Click the +**Add** button. The system will display the add screen.

In the boxes, key in a comment and the additional cookies using the tab key to move through the columns. You can also enter in a payment at the time of entering in the cookies. If applicable you can check the **INV** box to send the packages/payment to the Digital Cookie system. Click the Booth box if the transaction is for booth cookies. Click the **SAVE** button to save the transaction.

Adding Only Payments

You may add a payment to any available line in a girl record. To enter a payment, click the **+Payment** button. The system will display the payment entry screen. Enter a comment and click the **INV** box (if applicable) to send the payment to the Digital Cookie system. Click the **SAVE** button to save the transaction. You may be allowed to add payments to girl after the season closes if you councils allows.

Once this tab is unavailable, the +Order button will no longer be active but you will still see the +Payment button so you can add payments if allowed by your council.

View Options –

- **All Orders** displays all records for the girl.
- **IO Recap** displays all orders received from Digital Cookie prior to the troop submitting their initial order and the initial order record as well.

- **Girl Delivery** shows all Digital Cookie girl delivery orders
- **Girl Del. (IO)** shows all Digital Cookie girl delivery orders that are part of the initial order.
- **Girl Del. (after IO)** shows all Digital Cookie girl delivery orders that are part of the additional order period.
- **Inventory Items** displays all transactions marked in the **Inv.** column that will be sent to Digital Cookie for the parent/girl inventory.

Sending Girl Order Information to Digital Cookie

Your council can choose if eBudde will be sending girl order tab information to the parent/girl inventory/financial pages in Digital Cookie. The column is labeled **Inv**. If you check this box, the information on that line will be sent to Digital Cookie to help the parent/girl know that more cookies have been given to her OR payments have been received by her.

So when do you check this box? You check the box only if it is additional cookies being given to the girl for offline orders and for payments for offline orders. You do not send over booth packages/payments as those records are just for the credit to the girl and are not physical packages that the girl is given.

You do not check the box for packages given to fulfill online orders as those orders are already recorded in the Digital Cookie system. If you accidently check the box, you can uncheck at any time. The information will be sent to Digital Cookie as data entry occurs so it is visible to the parent/girl in real time.

To help you keep track of those records, you can see only records marked in the Inv. column by selecting Inventory Items in the drop down.

When you select Inventory Items, the system will list only the items that marked in the **Inv**. column

GIRL ORDER TAB – OTHER

Girl Order Tab – Lock Transaction Option

Your council may lock the girl transactions so that you cannot over allocate packages. This means that eBudde™ will not allow more packages to be given to the girl than the troop has ordered and/or picked up from the cupboard. If you try to over allocate packages, eBudde™ will give the following message:

Error Detected

You don't have enough troop inventory unassigned to record those numbers. Currently your troop order is 430 pkgs. You have already assigned 610 pkgs to girls. This leaves you only −180 unassigned pkgs. You are trying to assign 0 pkgs.

OK
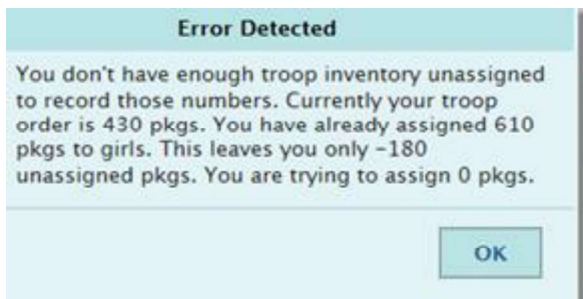

Keep this in mind if you as a troop give boxes away. Example: If your troop initial order is 100 packages and you distribute those 100 packages to the girls; you will not get any errors. If you create a troop transaction that moves cookies from your troop to another for 2 boxes, the next time you go to any girl record, you will get the message above. The best practice is to update your girl order tab before you create your transaction to avoid errors.

You can also specify if you want all girl delivery, just those part of the initial order period, just those part of the period after the initial order.

TROOP TRANSACTIONS

The troop transaction tab is a listing of all cookies ordered, additional cookie pickups, and troop-to-troop transfers (council option) and Digital Cookie shipped cookies. Your council will instruct you on what transactions you are allowed to make. If you do not have an +**Add** button, you are not allowed to do any data entry on the transaction tab.

Initial Order Transaction

The initial order transaction will show up once you submit your order to the service unit and they submit to council. It will have receipt # of (Init. Del.) . It will always be locked to changes. If it is not correct, see your council who can adjust appropriately.

Troop transactions from Other Sources

The transactions tab will also list cookie transactions from any other sources that the council has available.

Troop to Troop Transactions

The troop transaction tab is where you can record that you got/gave away cookies to another troop. Only one record needs to be created as it is a two-sided transaction. If the troop giving away the cookies creates the transaction, you will put the other troop as the second party. Once you complete the record by saving, you will see it deducted from your inventory and the other troop will see it added to their inventory. Corrections can only be made on the troop that created the transaction.

Digital Cookie Transactions

Any orders that are shipped to the customer from Digital Cookie will appear here on the transaction tab as the troop gets credit for those packages sold. Payments for those packages will also show on the payment tab as they are paid through the Digital Cookie system. Because there may be many, many orders we have recapped those orders into one row. However you can expand those by checking the **Exp. DOC Orders** button.

☑ Exp. Doc Orders

PENDING TROOP ORDERS (OPTIONAL)

Troops can now place pending cookie orders to service units and/or cupboards. You can use the dropdown to see your pending orders.   Cupboards may require pending orders to be place a certain time prior to pick up. Example – they can set that the transaction needs to be in 24 hours to the date/time in the pickup option.

Inventory Balances

The inventory balance located at the bottom of the screen is a tool for the troop cookie person to know what cookies they are responsible for.

Navigating the Transaction Form

♦Receipt	♦Pending	♦Type	▲Date	♦2nd Party	♦Pickup	Line	Advf	LmUp	Tre	D-S-D	Sam	Tags	TMint	SMr	Toff	Total

The columns listed from left to right are as follows:

Receipt - This is the receipt code of the transaction

Pending – This shows yes if you have not picked up your cookies yet.

Type – A reference for your council

Date – This is the date of the transaction

2nd Party – This is whom the cookies are going to or coming from

Pickup – Date of pickup. Form shows time as well.

Line – Pickup Line (if applicable)

Advf - Adventurefuls

LmUp– Lemon-Ups

Tre – Trefoils

D-S-D – Do-Si-Dos

Sam – Samoas

Tag – Tagalongs

TMints – Thin Mints

SMr – S'mores

Toff – Toffee

Total – Total of all varieties

Transaction Dropdown – This dropdown allows you to see specific types of transactions. The system will default to all until you submit your initial order and then will default to pending. The options are:

All – Lets you see all packages that your troop is responsible for.

DOC – This option shows you totals for all Digital Cookie shipped orders. These records are locked and cannot be edited.

Ready for Pickup – These are orders that are ready for you to pickup at the cupboard.

Pending – These are orders you have placed with a cupboard that will be picked up at a later date.
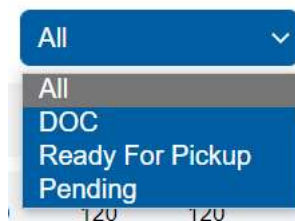

Create a product transaction

To create an inventory transaction, click the +**Add** button. The system will display the entry page.

Date – enter the date of the transaction. The system will default to the current date or the previously keyed date

Receipt - this is a fifteen character alphanumeric field that you may use for reference to the transaction. **NOTE: This box cannot be left blank. eBudde™ will default to an automated number. If you need to key your own receipt number, you can override just by keying in the box. If you key in the box by mistake, click the # button to have eBudde™ create a receipt number for you.** The status of the receipt is determined by councils. Councils can choose to have it totally locked, locked upon saving or open for edits.

Type – Select type of transaction.
        Normal **–** Transaction with no specific designation
        Booth **–** Transaction is for a booth sale
        Adjustment **–** Transaction type for corrections **(This option available at council discretion)**
        Return **–** Transaction for return of cookies **(This option available at council discretion)**
        Reorder **–** Cupboard transaction for additional cookies **(This option available at council discretion)**

Second Party: - this refers to the other party that is getting/giving the cookies. Is the transaction you wish to enter with a cupboard, a service unit or a troop? You would select it by clicking the party you want to transact with. If you click on troop, a box will open for you to put the troop number in. If you click on cupboard, a dropdown will display of all the cupboards you have available to pickup from.

Pickup – You can specify a preferred pickup date and time. The cupboard may require that you select a date and time when the cupboard is open for business. When you select the cupboard the days and hours a cupboard is open will appear under the Hours of Oper. header. This is optional for troop-to-troop transactions

Schedule - Lets you know what days and times the cupboard you selected is open.

Schedule Notes – Lets you know if there is any additional cupboard information you need to know.

Contact Info – This information allows the other party to contact you if needed. eBudde™ will pre-fill this information with your contact information.
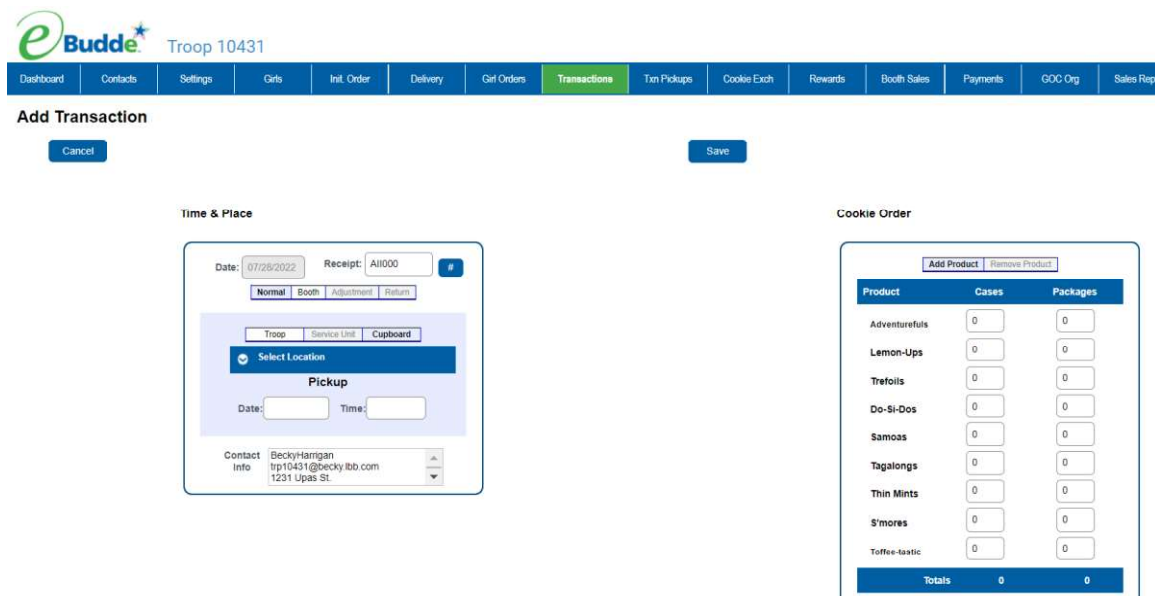

Product Movement: You have two options. Remove Product or Add Product - If cookies are being added to your troop, click Add Product. If cookies are being removed from your troop, click Remove product.

Enter the quantities of product in either cases, packages or both. The system will total the information for you so you can verify accuracy.

Additional Info: Lets you know if any varieties are unavailable. The variety data entry box will be greyed out.

Create a Pending Order Request for a Cupboard (Optional)

A troop can create a pending cookie order request for a cupboard on the transaction tab. If your council has this option available, the order is created automatically if the following options are selected on the product transaction form:

Second Party: Cupboard is selected and a cupboard number is entered

Product Movement: Add is selected

Additional Info: Lets you know if any varieties are unavailable. The variety data entry box will be greyed out.

When you click **Save** and the transaction is displayed on the grid under the pending option or all option.

The transaction may be locked immediately or your cupboard will lock the transaction appropriately according to council's process. You council will advise the locking timing.

Add Transaction

If a cupboard has entered their hours of operations in the system, these hours will be viewable under the Schedule section that pops up when you select the cupboard. The cupboard may also have additional notes that will be displayed above the contact information.

A cupboard can also require that the pickup date and time be within the hours of operation. If you try to schedule a pickup time that is not within that timeframe, the system will give you a transaction error message. Cupboards can specify lines which can choose at time of ordering. You will not be able to save the transaction until you enter in a valid date and/or time.

A cupboard can require that there is a deadline for when the orders can be placed in the system for pickup.

TXN. PICKUPS

The Transaction Pickup tab allows for contactless cupboard pickups where you acknowledge that you have picked up the cookies at a cupboard.

The state of the Txn. Pickups tab is dependent on where you are in the process.

The process is as follows:

1. Troop creates a pending order
2. Cupboard releases the order
3. Troop confirms the order

Troop has created the order – Txn Pickup shows:

You can show today only or future transactions

The troop is expected to confirm the order. Click the confirm link. You will get a message that the order is confirmed. You will also get an email confirmation with the details of the order.   The Txn Pickup shows:

You do not have any transactions released for pickup.

COOKIE EXCHANGE

The Cookie Exchange allows you to see what cookies other troops have to exchange. It also allows you to post what extra cookies you have to exchange. Your council will determine if the troops you see are council-wide or only within your service unit/area.

When you first go to this tab, you may see all zeros until you and other troops post your transaction. A troop only has one record that you can overwrite as your inventory changes. eBudde™ does not verify the numbers entered by the troops.

eBudde™ now gives you some additional information on the Cookie Exchange page. You also have an easy way to zero out all your quantities **– Remove My Offering** so you can clear out when you no longer have any cookies to exchange. Remember all of the quantities are in PACKAGES.

You can elect if you want to display your phone number to others as a means of contact.

As you can see other troops have start to enter quantities for their extra cookies, and you can key in your extra cookies at the top of the screen.

To enter the extra cookie packages that you have that you would like to exchange:

Enter the quantities in packages in the variety boxes. Click **Update Pkgs to Exchange.** If you no longer have all the extras originally posted, changed the quantities appropriately and click **Remove my Offering.** The submission will **OVERWRITE** the previous submission. There is only one record per troop in the Cookie Exchange.

To see what cookies are available by other troops:

Click the blue down arrow to the left of the variety. eBudde™ will display the troops that have extra cookie packages. It will list for you the date posted, the troop number, quantity available, the first name of the contact, email address and phone number. You can then contact that person via email/phone to make the exchange.

REWARDS TAB

There are two methods of entering in rewards. The rewards tab is for troops placing a compiled troop reward order. You may also create reward orders by girl.

Troop Reward Order

NOTE: The Initial Rewards Order option may not be available. This is an option that can be selected by your council.

For this example we will be working with the Final Rewards Order. The **View** button allows you to see the rewards order. The **Fill Out** button is for entering the troop order.

Click the **Fill Out** button. The system will display all the rewards available for selection.

If there is a reward based on PGA, the troop PGA will be displayed on the summary screen so you do not have to refer to the troop sales report.

Cancel – this button returns you to the screen where you can view or fill out.

Submit Reward Order – This button submits the troop reward order to the service unit. Once you click this button, the reward orders for girl and troops cannot be changed by troops only by a service unit user.
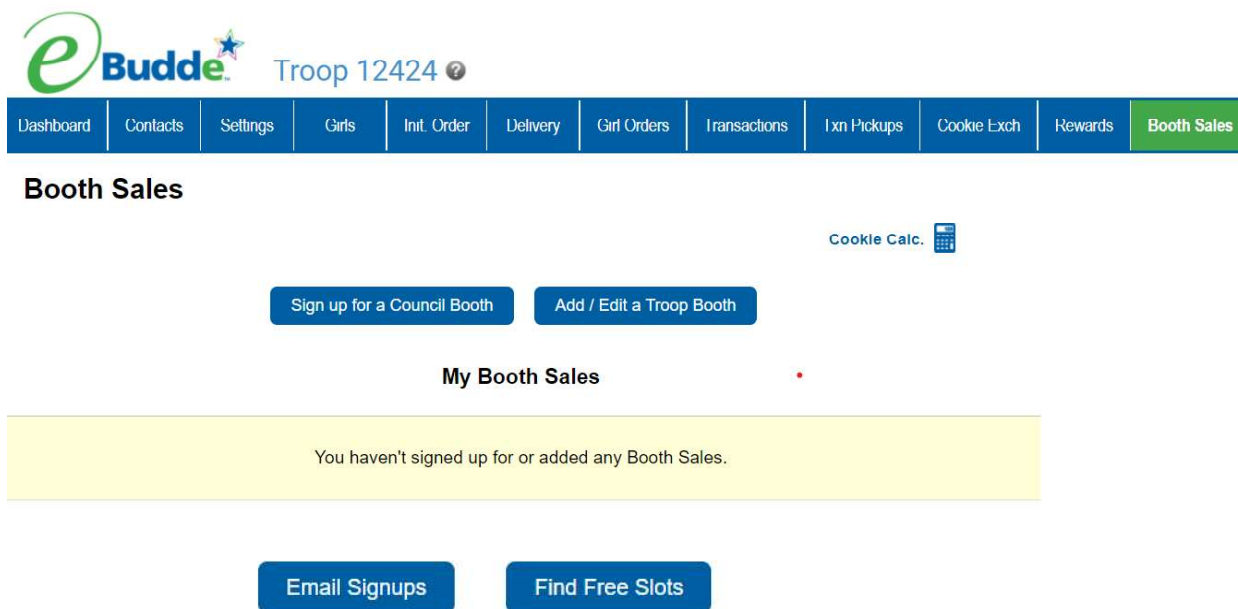

BOOTH SALES

The Booth Sale tab is an optional tab. The use of the Booth Sale Module is determined by the council. A troop can sign up for a council booth site and/or request a troop booth sale as so designated by their council. Troops can also record what was sold and monies collected at a booth sale.

eBudde™ will notify troop contacts of an upcoming booth site daily starting 3 days prior to the booth sale.

Click the Booth Sales tab to use the Booth Sale module.

Free Slots

Pressing the **Find Free Slots** button will give you a screen to select your criteria for finding available booth slots. You can search using multiple criteria. Once you have entered your criteria, click the **Email Xlsx** button. If you decide not to look for free slots, click the **Back** button.

Council Sponsored Booth Sales (Council Sales)

Council sponsored booth sales are sites that are scheduled by council and open to all troops to hold a booth sale at.

There may be rules to how many and when these sites can be selected. Your council will inform you of these rules.

You can hide those sites that are unavailable by clicking the **Hide Unavailable** box.

To begin selection of your Council Booth Sales, click the **Sign up for Council Booth** button. Click on the down arrow next to the city in which you are interested in holding a booth sale. Then choose the store and location by clicking on the down arrow to the right of it. Choose the date and time range you are interested in by clicking directly on the text. This will bring up a small screen on the right which will show the available time frames.

To select the time period, click on the space to the right of the time that you are interested in. To deselect it, you just need to click the space again. Once selected, click on the **Submit** button to reserve your location and time. You will receive a message that your time is reserved. Click OK on the message window to proceed. **NOTE: IF you do not see the message, your time slot was NOT reserved. Be sure to wait for the message and Click Okay.**

You can now be put on a waitlist for a booth location for a specific date. Move the **email if slots open up** slide to on. eBudde™ will then send you an email if any one or more of the slots become open. **KEEP IN MIND – IT IS A FIRST COME, FIRST SERVE FOR SIGNING UP FOR THE SLOT!** There may be several of you that get the email. You can also see how many other troops are on the waiting list. You will need to go into eBudde™ or Troop App to claim that slot. There is a possibility that someone else got there first to claim!
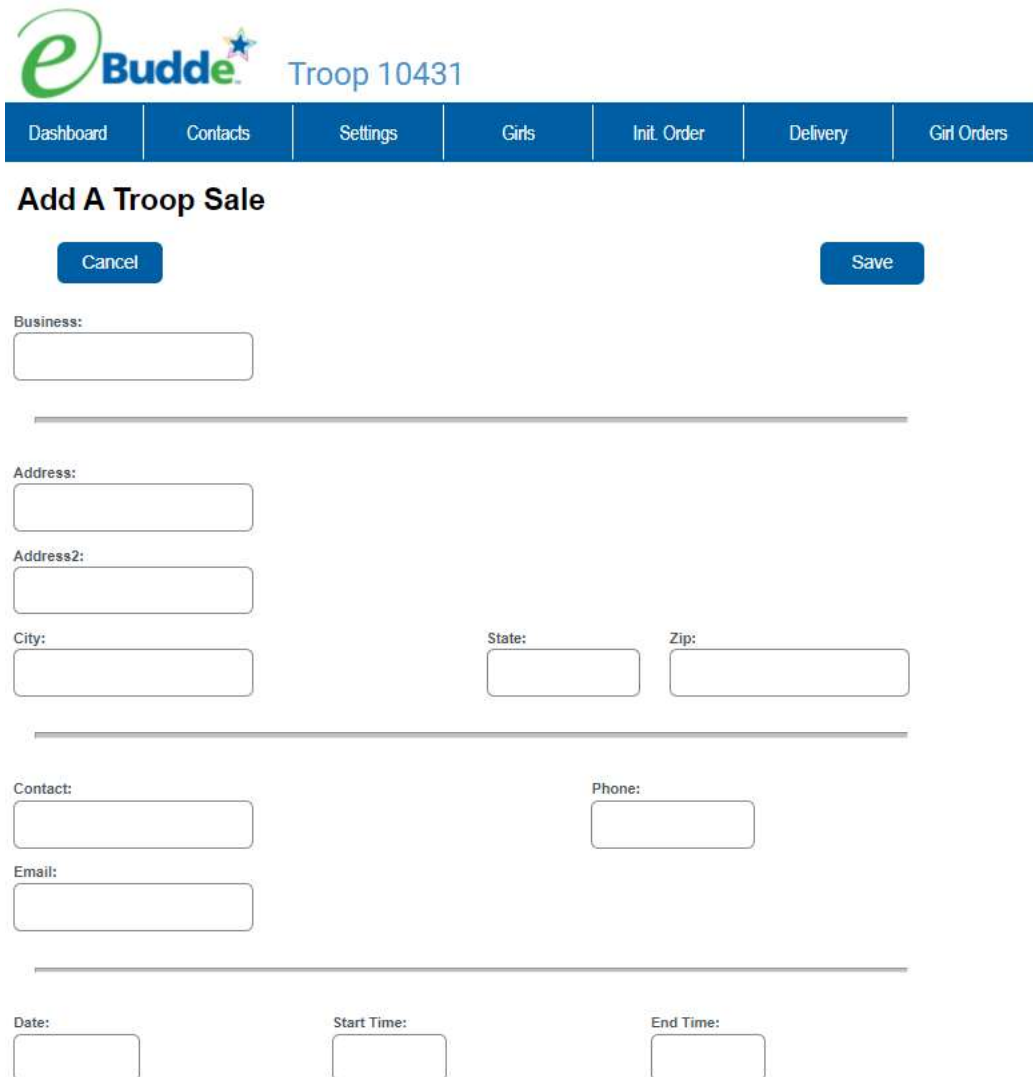

Once you have asked to be notified, eBudde™ will continue to send emails when slots become open. If you want to turn the notification off, go back to the booth site and Move the **email if slots open up** slide to off

You can now see on the Notify button how many troops are on the waiting list. You can see on the button that there is one other troop on the waiting list

Troop Booth Signup Request (Optional)

Council may allow troops to request personal booth sites through eBudde™. eBudde™ has a process for approving/denying requests and you can see the status of your request once submitted.

Click the **Add/Edit a Troop Booth** option. Click on the **+Add** button. A page will display for you to enter the information necessary. Click **Save** once all the information is entered. The system will display a confirmation

window.   Your request is in a **Pending** status until reviewed. It will be approved or denied by an authorized council designated person.

You can also look over to the right and view the status in the box labeled **Approval**. You also can view any messaging on approval/denial process.

Click the booth site that you want to record sales against. You will be required to enter the total packages sold at the booth site by variety for the troop. eBudde™ will calculate the monies collected.

Click **Cancel** if you do not want to record the sales. Click **Revert** to revert back the changes. Click **Go to Distribute** to go to the girl distribution screen..

eBudde™ allows you to distribute the cookies among the girls attending the booth site. eBudde™ will assume all girls have attended by checking the box next to their name. If there is a girl that did not attend, uncheck the box next to her name. You can now select all or deselect all by checking the **(De)select all** box

You may key in the packages sold for each girl or let eBudde™ automatically evenly distribute those boxes. If you want it done by eBudde™, be sure the appropriate girls are checked and click the **Distribute** button.

Once you have completed all the data entry, click the **Submit** button. eBudde™ will create a transaction record on the girl order tab for each girl that you have checked.

If you need to make changes, you will not be able to make those changes on the girl order tab, you will need to go to the booth site tab for any changes.

This is what you see in the girl order tab for booth sale recordings.

PAYMENTS

The payments tab will allow you to view the payments made by your troop into the council cookie account. If your council allows, you can also enter the payments that you have made to the council. **This is not where you record your individual troop payments for troop proceeds**

Adding Payments

Click the +**Add** button.

Select the bank, enter date, reference number (optional) and amount. Use the **Tab** key to move across the page.

Press **Save** to complete the record or **Cancel** if you do not want to save.

Bank – Select the bank

Date – You must enter the date in this format mm/dd/yy. Each payment must have a date.

Amount – the amount can be a positive or a negative. You do not have to enter in the cents if it does not apply.

Reference Number – Reference is used to annotate the payment. This entry is optional. Possible uses for this box is to comment on the payment, to specify which bank the payment was made from, to enter a encoding number.

Troop # – Already filled out

Navigating the Payment Information Page

As you enter payments, the system displays the payments using a scrolling feature. To facilitate making changes there are several methods to navigate to the information that you need. You will want to use the method that best fits whate editing you are trying to do.

Payments are displayed in the order keyed by default.   You can scroll through the payment pages by using the scroll bar located to the right of the payment page.

Editing/Deleting Payments

You can change/delete a payment by selecting the payment. You will then go to the edit screen. You can delete by clicking the **Delete** button. You can edit by making changes and selecting **Save.** You can go back to the payment list by clicking **Cancel**.

GOC ORG. TAB

The GOC Org. tab is where you record the organizations that you have donated your troop donation boxes recorded in the initial order and/or girl order tab. All fields are required except for the email address.

Enter in organizational information and click update. eBudde™ will then provide Additional data entry for as many organizations as you need to enter.

SALES REPORT

The sales report reflects all transactions for the troop in the system. It includes the initial order, any additional orders, payments and the calculation for troop profit, council monies and balance due. Gift of Caring/Donation cookies will automatically populate on the sales report from the girl order tab.

We have now secured the display of the bank account and routing numbers. These numbers will be hashed out as a default. Council can designate specific users that may see the full numbers.

Girl Delivery – Varieties Only – by Girl – (Optional) This report is for councils that are using the girl delivery option in the DOC. This report will print the girl delivery orders, varieties only, no donation. This is to help you to have a recap of those packages that you may need to order on your initial order for DOC and to help you at the end of the sale with DOC reconciliation. There are two parts to the report. A recap by girl and then all the individual orders for each girl.

APPENDIX A – GIFT OF CARING SCREEN SHOTS

There are three different types of Gift of Caring **–** Council, Troop and FYI. These columns are optional. See your council manual for detail information.

Any columns on the initial order tab will show on the girl order tab. However, there may be columns just on the girl order tab that are not on the initial order tab. The acronyms are council specific. The screen shots below are just an example.

Location and Specifications for the Initial Order Screen -

Council Gift of Caring (C_GOC) – This column will show on the far left column before the Lemon-Ups variety. The cookies in this column are not ordered. However, the quantity for these cookies will be part of the total boxes sold for the girl and will be added to the financial dollars.

Troop Gift of Caring (T_GOC) - This column will show on the right as a column displayed before the Total column. The cookies in this column are not ordered. However, the quantity for these cookies will be part of the total boxes sold for the girl. These cookies will **NOT** be added to the financial dollars. The expectation is that they will be ordered as booth/other on the initial order or at a later date.

FYI Gift of Caring (F_GOC) – This column will show to the far right of the screen after the total column. This is an informational column only. These cookies will **NOT** be part of the total boxes sold by the girl. The expectation is that the actual cookies have been ordered by variety and this is just to inform the council how many of these cookies are Gift of Caring.
